

April 18, 2024 (Rev. April 28)

Dear Illinois IAEI members,

The usual winter meeting in conjunction with the Chicago Electrical Association has had some changes this year. Due to some scheduling issues, the meeting has been moved to Thursday, May 16. Also, the meeting will only be a one-day event. We will have at least 2 separate educational tracks available, see the tentative schedule. The trade show will only be open in the afternoon, 2 – 6:30 PM. But it will again take place at Drury Lane. The registration form is attached. Lunch and breaks are included.

You can either mail a check with your registration form to Cari Helberg at the address below, use Paypal or pay at the event. The price of the training is \$100 if you pay by May 1, \$125 after May 1 for IAEI members, \$150 by May 1 or \$175 after May 1 for non-members. You can now pay by [Paypal](#), and use Paypal, credit or debit, Venmo or by check. Go to the IAEI Illinois Chapter Website at <https://iaei-il.org/meeting-event-information> for more information.

Please send or email your registration forms to Cari ASAP at the address below to make sure you get the early bird pricing, and to allow me to have name badges prepared in advance. Because of the brevity of the event, Chicago EA has chosen to not reserve a block of rooms. If you would like suggestions for hotel accommodations, you can either contact me, or check on the Drury Lane website [ABOUT | Drury Lane Events – Official Site](#)

We will also be having our annual business meeting during the lunch hour. This is open to all IAEI members, and I am hoping that all our Board members and officers can be in attendance.

If you have any questions, feel free to contact me. And I hope to see everyone there!

Sincerely,

Cari Helberg, Secretary/Treasurer
